Villa with Outdoor Bonus Space

\$605,000

4  4.5 

Located in a low density neighborhood in Bellevue, this four bedroom four bathroom villa on half an acre is completed fenced with landscaped grounds and a large outdoor swimming pool and deck. There is covered parking beneath the house. Upon entry there is a large bonus room which can easily double as an additional rec room, storage or office space. Once upstairs the high ceilings and open floor plan is welcoming with expansive views from the patio running along the full length of the house to the front and right side.

There is a fully equipped kitchen and another access to the outdoor covered balcony for additional living and dining space outdoors. There is a spare room currently staged as an office and library as well as a half bath. The top floor features the bedrooms all with west facing views of the Caribbean sunsets, ocean and horizon. The master suite is spacious, features double sinks, a jacuzzi tub, walk in closet and private balcony.
