Price On Request

On the south west coast of St. Lucia in the former capital of St. Lucia called Soufriere are exquisite choice lots of land for sale. These lots consist of 3 acres and are situated in Beau Estates Development. They are nestled in a magnificent rain forest. They are strategically situated between the famous volcanic peaks called Gros and Petit Pitons. Moreover they abut an area called the World Heritage Site classified by UNESCO to protect the lands surrounding the famous volcanic peaks of Gros and Petit Pitons. This property overlooks the deep waters of Jalousie Bay where Jalousie Plantation Hotel resides and offers an unsurpassed view of Petit Piton. The property is accessible by a road from the south. Utilities such as water and electricity are provided. There is Government Planning Approval in place for the construction of a 7 Bedroom Villa. The Architect who designed this Villa is the well renowned Lane Pettigrew of Lane Pettigrew & Associates.
